Rick, Please feel free to use the following on your web site.

In a difficult situation professionalism makes a big difference. I lost my mother and needed to sell her Florida condo and auto. That's no easy task living in Indiana. Fortunately I found Rick Bonvie. Not only did he manage to broker the car and condo in days but he also went through the residence to pack and ship personal family mementos. His choice of an attorney to assist in the closing was on the mark too. I've lived through nightmarish real estate transactions. This one was more like a walk on a sunny Florida beach. -Neil Berman
